

GREENWOOD NEWLETTER

OCTOBER 2012

Small Watershed Grant Project – The Town of Greenwood has received a \$35,000 grant from the National Fish and Wildlife Foundation and Chesapeake Bay Foundation to reduce flooding and improve water quality not only in Greenwood but in the Chesapeake Bay area. This project will clean out some of the ditches in Town. The project will be in the areas of the Brenda Jones Memorial Park, Penn Fibre and James Thompson. The project will begin during the first week of October 2012.

Well Project – On October 8, 2012 Teal Corporation will be starting the construction project concerning our three wells. The project will be funded by a loan from the State of Delaware Office of Drinking Water. This project will improve the overall water quality for the Town of Greenwood and its residents. The project will be in the areas of Water Street and South Church Street.

Yard Waste – Effective March 29, 2012 Waste Management will no longer provide yard waste service, due to lack of interest by Town residents. Yard waste may be taken to either Ellendale 302-422-8632 or Bridgeville (Wednesday and Saturday only) 302-337-3521. Please call them for specifics.

Delinquent Properties – Property Taxes, Water Sewer and Trash Bills and other charges are due to the Town of Greenwood in a timely manner. Please see to it that you pay your bills so the Town can pay theirs or we may have to take other actions.

Water Conservation Tips – In an effort to help the residents of Greenwood conserve water we will be including a monthly water conservation tip. The tip for October – “Install covers on your pools and spas and check for leaks around your pumps.”
